

Sun Day

Everyone loves Sunday. It's wide open-- no to-do list, no errands to run, no work to be done. So forget your chores and drop your devices; Sunday is here. Spend your entire day lounging on the sun shelf, swimming some laps, enjoying a spirited game or just sitting on the bench thinking happy thoughts about how the weekend will never end.

Pool Sizes

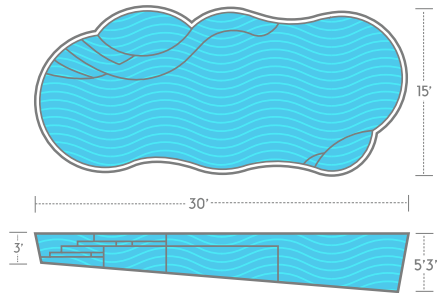

15' x 30' 5"3" 16' x 34.5' 5"8" 16' x 39' 6'

1. Large landing pad with side entry stairs.
2. **Family time.** Share the wrap-around bench with family and friends.
3. Non-skid surface on the floor, benches, and steps.
4. Sit and enjoy. Soak on this relaxing 12" depth sun shelf and swim-out.
5. Large open swim area for laps or play.

Nine Layers Of Strength

The Composite Sandwich of Awesomeness

Let's think of a fiberglass pool shell as a huge sandwich. A sandwich is a composite, which basically means it's made up of different materials. Each material is applied in layers with the goal of giving the entire sandwich maximum flavor.

Such is the case with a fiberglass pool. It's a composite. It's manufactured in multiple layers with each layer serving to maximize the strength and durability of the entire structure. In other words, our fiberglass pool is thought of as a sandwich of strength. Hence, we affectionately refer to our unique manufacturing methodology as our **Composite Sandwich of Awesomeness**.

1. Gel coat.
2. Vinyl ester barrier coat.
3. First application of chopped fiberglass.
4. Second application of chopped fiberglass.
5. Hand-laid woven roving fiberglass.
6. Third application of chopped fiberglass.
7. Honeycomb core.
8. Fourth application of chopped fiberglass.
9. Fifth application of chopped fiberglass.

*Handrail, rope with floats, and safety equipment may have been removed for photography purposes. Thursday Pools requires that all pool installations install a handrail and comply with all federal, state and local building codes.
